

# BELSINGER SET FREE. DENINO HELD.

Accused of Causing Eva Baker's Death--No Evidence.

John Denino, twenty-six years old, of 188 Second avenue, who was wanted by the police for possible complicity in the death of his brother Paul, twenty-two years old, who was found dying in John's apartment on the night of June 7, surrendered himself to Coroner Zucco, in the Coroner's office in the Criminal Court Building.

The Coroner remanded Denino to the Tombs without bail and notified the police of the Fifth Avenue station, who have been looking for the man.

On the night of June 7, Paul Denino, the younger brother of the prisoner, was found in John's apartment dying from a pistol shot wound in the temple.

Conflicting stories were told by the neighbors about the shooting, and the police at first thought it was a suicide.

The continued absence of John, however, made them suspicious, and they started a search for him.

Paul, the dead brother, was declared a drunk when he arrived with his father and mother and several small brothers and sisters at St. Vincent's.

On the night of his death he drove up to his brother John's house about 11 o'clock. Paul went into the house, but the woman followed, and a struggle ensued about the key for the door. The man then came out and drove away.

Witnesses for Paul's defense say pistol shots were heard, and conflicting stories have been told by the neighbors as to what occurred next. Nobody but the dying man was found in the flat.

## FOREIGNERS BESET BY CHINESE TROOPS.

(Continued from First Page)

Chinese Minister, Sir Chih-Chen-Lou-Peng-Loh, paid a lengthy visit to the officials of the Foreign Office, and it is expected that important developments will be the outcome of the Cabinet conference, as Lord Balfour proceeded to Windsor after the meeting.

The apprehensions as to the fate of the Europeans cut off at Tientsin have been dispelled by Admiral Kempff's message, which was the first definite announcement of the bombardment and destruction of the foreign concessions.

But in spite of Shanghai's grim statement that the Chinese used forty-pounders and that 1,000 foreigners were massacred there is no reason to conclude that the foreign colony has been unable to protect itself.

Shanghai also reports that Tientsin was bombarded for two days, adds that the casualties were 100, estimate that 1,000 international troops are there and says that as the allied commanders at Taku are hastily pushing forward a relief column it is hoped the worst apprehensions will soon be dispelled.

Another Shanghai despatch announces that all the members of the foreign community of Pei-Tai-Ho have arrived at Chefoo on board the Naenville, but that they left all their possessions behind them.

**OUR CONSULATE RAZED  
AND ALLIES LOSE HEAVILY**

LONDON, June 22.—Despatches from Shanghai and other Chinese points say that the bombardment is still going on and that the foreign forces are heavy.

Confirmation of the destruction of the American Consulate is contained in the following despatch:

CHEFOO, China, June 22.—It is officially reported that the bombardment

of Tientsin with large guns continues incessantly. The foreign concessions have nearly all been burned and the American Consulate has been razed to the ground.

The Russians are occupying the railroad station, but are hard pressed. Reinforcements are urgently needed. The casualties are heavy.

The railroad is open from Tong-Tau to Ching-Liang-Chung, half way to Tientsin.

**BRITAIN CALLS MARINES  
FOR CHINA SERVICE.**

LONDON, June 22.—It is understood that the Admiralty has received a despatch from the British Naval Commander in Chinese waters on the subject of the heavy damage done to the foreign concessions at Tientsin and the casualties of the international forces. This has not yet been published.

The Admiralty sent orders to Ports-

mouth and Plymouth this morning to

have nearly all been burned and the

American Consulate has been razed to

the ground.

It is thought in some quarters that Li Hung Chang's failure to go to Peking indicates he is aware the situation is so bad that it is impossible for him to overcome the difficulties.

ganize a service there to Shanghai.

ton and awaits orders.

## HEAVY BREAK IN TRACTORS.

Stock Market Opened Well, but Bears Hammered Prices.

The opening quotations on the Stock Exchange to-day reflected the higher values from London, and the general market showed renewal strength throughout.

Sugar repeated yesterday's fluctuations but failed to progress even the usually sympathetic issues in the Industrial quarter of the market.

Railroad stocks were moderately active and displayed a strengthening tendency, with heavy gains recorded in Pennsylvania, Reading 1st preferred, Northern Pacific, Burlington, Atchison preferred, Missouri Pacific, Chicago & Northwest, Reading 2d preferred, Union Pacific and Baltimore & Ohio.

After renewed sharp declines in the local tractors, Sugar, Tobacco and Northern Pacific the market rallied on short covering, but the demand fell off at the recovery, and the feverish tendency of Brooklyn Rapid Transit continued, the stock falling 1 point 1/2 and Consolidated Gas declined 1 point.

Brooklyn Rapid Transit sold off to 50, Metropolitan slumped 1 1/4 from 50 to 48 1/2. Manhattan suffered to the extent of 1 1/2 from the earliest high price.

The weakness of Brooklyn Rapid Transit met the resistance of the market, the stock holding its own through the early high level in the afternoon. A number of other stocks little traded in dropped away suddenly on small transactions from 1 to 1 1/2 points. New York Airline

met the resistance of the market in face of the weakness of Brooklyn Rapid Transit, made it look as though the market were in the market cover of the weak stocks. Prices were then held up by the professionals, but at a rally of about a point Brooklyn Rapid and Northern Pacific met such large offerings that prices yielded again.

The market closed with a drop from 50 to 48 1/2, an extreme fall of 7 1/2 and the lowest price the stock has reached in two years. The closing was feverish and unsold above the low point but at 48 1/2 brought the market to a standstill.

The total sales of stocks today were

2,000,000 shares, and of bonds \$1,194,000 par value.
